

Welcome to Echo Farm: a working farm and family home

Note: Our entire property is smoke and alcohol free, including the car park.

- Our animals may change due to the natural circle of life, but we try to keep the same species.
- Take care when feeding animals as they can't tell the difference between fingers and food. Keep your fingers and body parts away from their mouths. Only feed the food we provide.
- Thoroughly wash and sanitise hands after visiting animal areas and before putting your hands to your face (and before eating).
- Supervise children closely at all times, especially on the farm tractor.
- No running, chasing or scaring our animals. Close and latch the accessible gate noted on map.

What to feed animals:

- **Chickens:** grain directly from your bucket or sprinkle on ground
- **Ducks:** grain directly from your bucket or sprinkle on ground
- **Geese:** grain – only sprinkle on ground
- **Turkeys:** grain – only sprinkle on ground
- **Sheep:** branches, bread, grain from flat palm of your hand
- **Pigs:** branches, bread, fruit and vegetables provided in tubs – throw food only, never hand feed
- **Cattle:** branches, bread, fruit and vegetables provided in tubs – watch for rough sticky tongue
- **Donkeys:** branches, bread, fruit and vegetables provided in tubs – keep fingers clear of teeth
- **Goats:** branches, bread, grain from flat palm of your hand
- **Emu:** grain directly from your bucket (leave a little grain at the end and hold out your bucket)

DO NOT FEED: Rabbits, Guinea Pigs, Dog, Cat or Cockatoo (never put your fingers in the Cocky's cage!)
